

# ISPyB Status Report

Rasmus Fogh

MXCuBE / ISPyB joint meeting  
Berlin, October 2019

# Developers' Meetings

- GΦL convened and minuted the monthly developers meetings
  - Delays - because no one told me
- Rudimentary summary of Lund meeting
  - [ispyb.github.io/ISPyB](https://ispyb.github.io/ISPyB)

## Data Quality Workshop - April 2019

- Start of discussion on quality metrics, what data to store, and how to keep them.
  - Limited progress since the original meeting.
- Summary and presentations at [www.globalphasing.com/DQMW](http://www.globalphasing.com/DQMW)
- Discussion group for participants at [dqmw-discuss@globalphasing.com](mailto:dqmw-discuss@globalphasing.com)
- Open-Source version of MRFANA, with standard implementation of common metrics, to be released shortly
  - Hopefully this will stimulate activity

# Developers' technical meeting

- September 12-13 @ SOLEIL
- GΦL participated, and organised the minutes
  - [ispyb.github.io/ISPyB/webpages/OtherMeetings/other\\_meetings.html](https://ispyb.github.io/ISPyB/webpages/OtherMeetings/other_meetings.html)
- Very fruitful with agreement on a number of changes
- Raised important issues involving changes in Sample tables, differences in strategy between ISPyB participants, and available resources.

END
